

Reliability of Power Supply Systems: 3rd: Conference Proceedings (Conference publication)

1983, oversize paperback edition, Institution of Electrical Engineers, U.K. 166 pages. Graphs / figures / charts / tables / drawings throughout. Conference publication number 225. This 3rd international conference held in September 1983 in the U.K. Coverage of investment planning / evaluation of reserve capacity / composite systems / distribution considerations / plant and equipment needs.
