

The Babysitter Diaries Collection

The Babysitter Diaries 1 - 4Ive always had a thing for older guys - usually much older guys. Theyre like my kryptonite or something...The Babysitters Seduction: Nineteen-year-old Jenna babysits because the hours dont interfere with school and her clients tend to tip very well. It also lets her spend a lot of time around hot, older guys who know exactly how to satisfy a girl. When her latest client, David, starts putting in lots of late nights and weekends because of a promotion Jenna decides that shes the perfect way for him to unwind after a long, hard day at the office. To do that shes willing to put in some steamy, sweaty overtime that she wont be charging him for.Babysitter and the Beast: Nineteen-year-old Jenna is back and babysitting for a new boss who is so sexy that she gets tingly just being in the same room with him. Sure, Dylan is a lot older, but with the way he makes her insides quiver, who cares? The problem is that his greatest pleasure in life seems to be in finding fault with everything she does and giving scathing lectures until she dreads even setting foot in his house. But then she discovers a clue that makes her think that maybe Dylan doesnt dislike her quite as much as he would like her to believe. Can Jenna tame her beast of a boss and satisfy her own animal urges at the same time?Jenna Makes Three: Every other weekend nineteen-year-old Jenna babysits for Colin and Alicia. It seems like a fairly dull job until one night they come home early with another young woman in tow, and thinking that Jenna is asleep on the couch they have a wild threesome. But Jenna isnt asleep, and now at night she dreams of sharing them until she can barely sleep - first Alicia, then Colin, and then both of them together. Saturday night finds Jenna pretending to sleep on the couch again, hoping that Colin and Alicia will make it another early night. This time will they be looking for a new playmate?The

Babysitters Dilemma: Christmas with the parents is tough when your boyfriends tend to be the same age as your dad, so this year Jenna is breaking in a younger guy from school she hopes her parents will approve of. But when her former teacher calls her two weeks before Christmas with a babysitting emergency, Jenna finds herself torn trying to choose between the two men. Will she stick with the younger man who will please her parents, or will she pick the older man who she knows will please her?
