

When Angels Are Born

When Angels Are Born is a rich collection of over fifty poems, that speak to the spiritual intimacy of life and living that we find through loving one another. When Angels Are Born is a meditation, a prayer, a beautiful love song, an invitation to sit quietly, in silence and in strength and be transported into a world filled with light, where we live inside one another and where forgiveness is found. These uplifting and transcendent poems envelop the reader with grace and gratitude and echo these lines by St. Francis of Assisi: All the darkness in the world cannot/ extinguish the light of a single candle. ~ Helene Cardona, Actor, poet and Henry James Scholar, author of Dreaming My Animal Selves
