

Carnal Curiosity (Thorndike Press Large Print Basic Series)

A New York Times Bestselling Author Stone Barrington seems to have a knack for being in the wrong place at the wrong time. When Manhattans elite are beset by a series of clever crimes ? and Stone is a material witness ? he and his former partner Dino Bacchetti find themselves drawn into the world of high-end security and fraud, where insider knowledge and access are limited to a privileged few, and the wealthy are made vulnerable by the very systems meant to keep them safe.
