

Fast Cars (Collins GEM)

The appeal of a fast car never dims, but which are the greatest? Collins Gem Fast Cars selects 100 of the fastest cars, giving the story and key specifications of each car. It is a selection that will generate passion among enthusiasts and provide dreams for the arm-chair driver. From the AC Cobra and the Ferrari F40 to the Mini Cooper and the Golf GTI, the selection covers some of the greatest cars ever made. For each car there is:

- * A colour photograph of the car
- * A summary of specifications including power and top speed
- * A description of the origins of the car and its history

This new Gem, and its companion volume on Motorcycles, is published in flexibinding, providing the durability of a hardback with the flexibility of a paperback.
