

Bold-Faced Lies: The Wisdom You Never See

Bold-Faced Lies: The Wisdom You Never See is a collection of rhythmic poetry. The authors style is unorthodox in approach when compared to traditionalist views and similar reflections held among modern contemporaries. This work meditates on the aesthetics of art as a feature of working with prose through poetics. For proofreaders, the experience will feel like a maze; but for reading enthusiasts, journeying through this chapbook will help them disappear into an intimacy of thought where words make us feel foreign and vulnerable to our own ways of thinking and viewing the world.
