In 2020 an economically unstable American money is the reason its citizens rise from bed. Its why they break their backs every day; to get it. Two groups of men from complete contrasting social, racial and economic classes are out to master the art of taking. While a clique of 5 young men from the heart of Baltimore make a rise off of taking, a group of important figures some from the political world and corporate realm of America are doing the same. The dooming demise of the dollar has brought upon desperation to get this country back to weight, but most importantly to retain and grow their own wealth. This desperation brings about a secret bill that will handicap millions. When the content of this bill is released by an aide the media eats it up. This brings us back to the hoodlums who are now sitting on plenty of cash because of successful bank jobs and diamond heists. However, money hasnt corrupted their minds from morals. They decide to do something about this situation. And explosive ending comes about when these two groups of men crosses pat
