

Mindful Lyrics: My Story

Ive learned that no matter what happens, or how bad it seems today, life does go on, and it will be better tomorrow. Ive learned that you can tell a lot about a person by the way that they handle these three things: a rainy day, lost luggage, and tangled Christmas lights. Ive learned that regardless of your relationship with your parents, youll miss them when theyre gone from your life. Ive learned that making a living, is not the same thing as making a life. Ive learned that life sometimes give you a second chance. Ive learned that you shouldnt go through life with a catchers mitt on both hands; you need to throw something back. Ive learned that whenever I decide something with an open heart, I usually make the right decision. Ive learned that even when I have pains, I dont have to be one. Ive learned that every day you should reach out and touch someone. People love a warm hug, or just a friendly pat on the back. Ive learned that I still have a lot to learn. Ive learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel. - Maya Angelou.
