

# Earth Champions: Birthing a New World

Earth Champions is a collection of experiences on the path to finding ones true self, connecting deeply with Mother Nature, overcoming inner and outer obstacles, and embracing unconditional and life-affirming love as a way of life. These poems describe how it feels to reject conformity and embrace integrity. In a world where we are so often under pressure to be something we are not, these verses offer insight, encouragement, and inspiration for daring to be who you really are. This book is for anyone who is on a path to discovering their true nature, as well as their gifts, talents, skills, goals, and passions.
