

# Means Residential Detailed Costs 2008: Contractors Pricing Guide

This covers every aspect of construction pricing needed to prepare detailed project estimates. The Unit Costs Section, presented in MasterFormat 2004, gives you more than 9000 construction items, from site work to finish work. The Reference Section includes more than 30 pages of backup information on how the costs are developed and what they include. With factors for over 930 locations you can easily adjust the material and labor costs to your own area.
