**Histories of the Future review: A triumph for Martin Edmond and Maggie Hall** We live in a world saturated by futures. Our lives are constructed around ideas and images about the future that are as full and as flawed as our understandings

**Histories of the Future: Martin Edmond, Maggie Hall** - Princetons annual History of Science workshop (February 2015) explored the history of science fiction and speculative non-fiction in the natural and human

**Histories of the Future Clark Honors College** Histories of the Irish future, like the science fictions of yesteryear, can be mined for insights into the hopes and fears of the times when these were written. Twelve **Histories of the Future** none I take the idea of a sociological imagination quite literally, and envisage a not-too-distant future where race, science, and subjectivity are reconfigured differently,
