

How to Build a Wooden Boat (WoodenBoat Books)

Written by an experienced boatbuilder, this book aims to teach everything there is to know about building a carvel planked cruising boat. It covers the entire boatbuilding process, from lofting to fitting out, taking you step-by-step through each procedure. It describes: cedar-planking; oak framing; cotton caulking; and bronze fastenings, in a fashion that is intended to be understandable even to a novice.
