

IEC 60534-3-3 Ed. 1.0 b:1998, Industrial-process control valves - Part 3-3: Dimensions End-to-end dimensions for butt-weld, two-way, globe-type, straight pattern control valves

Specifies end-to-end dimensions for given nominal sizes and pressure ratings of butt-weld, two-way, globe-type, straight pattern control valves for nominal sizes DN 15 through DN 450. Aids users in their piping design by providing normalized dimensions of butt-weld end control valves. This title may contain less than 24 pages of technical content.
