

# ISMA-Involved Safety Meeting Activities: 101 Ways to Get Your People Involved

ISMA (Involved Safety Meeting Activities-101 Ways to Get Your People Involved! Lets be honest, attending a safety meeting is often like going to church...we are only there because we have to be! Add to that the fact that in a traditional sit and listen safety meeting, retention is as low as 10%; it makes us wonder why we even bother. But it doesnt have to be like that! This simple yet transformational book holds two key secrets. First, learn how to take any safety rule or procedure and transform it from sit and listen to get up and do; increasing retention four fold in the process. Next, the book contains 101 motivational involved safety meeting activities that will change your safety meeting culture forever. A home run! says Mark Towers, Heres how to jump start your safety meetings. Inspiring, essential and a must for safety professionals.
