YOSSI, YASSER, & OTHER SOLDIERS

Jon Sebba

As a soldier returning home after fighting in the Arab-Israeli Six-Day War, Jon Sebbas eyes were opened to the pain from destruction and loss which accompany every war, the anguish of orphans and widows, and the angry seeds of the next conflict. Those who profit in the short-run from war use the phrase collateral damage. Jon writes poems about that damage from the perspective of the soldier, the eyewitness. He writes about battle scenes for his fellow soldiers who cant. He describes the front lines for those of us at home who arent there. He writes to encourage other soldiers to talk, and to urge all readers to reject the cost of war. Hemingway said, Never think that war ... is not a crime. Ask the infantry and ask the dead. This book would be their answer. You can reach Jon at yossi.yasser.soldiers@gmail.com

REVIEWS of Jon Sebbas Yossi, Yasser, & Other Soldiers Early in Jon Sebbas powerful meditation on the immediate and lasting effects of war, he states that words can ease trauma / make loss bearable / even resurrect the dead // but they cant stop the slaughter. And yet the poet, who fought in the 1967 Six-Day War, persists in poem after explicit poem to prevent us from turning away from wars horrid truths, yet at the same time he attempts to lift us above our worst selves. Too late for me, he says, still carrying / invisible scars after thirty years. These haunting poems render such scars visible. Andrea Hollander, author of *Landscape with Female Figure: New & Selected Poems, 1982-2012* From its very title, Jon Sebbas affecting collection of poems, is more even than a series of meditations on war a series of tiny elegies, each poem like a zoom lens on yet another incalculable human cost of war and the further consequence of that cost in the contradictory aftermath of survival. Though many of the poems are deceptively direct and simple, their substance is

surprisingly complex. As Sebba heartbreakingly states of Israeli pacifist poems in Neve Shalom Paths of Peace : My mind longs/ to follow your pleasant paths but my heart/ my heart rebels, held hostage. This is a moving revelation of the bitter human repercussions of living in a moment when cannons drown out pigeons cooing in olive trees. Jacqueline Osherow, U of Utah English Dept. War is what happens when language fails, writes the novelist Margaret Atwood. In Jon Sebbas collection of poems Yossi, Yasser, and Other Soldiers, poetry is what happens when war imprints itself on a young soldier in the Arab-Israeli Six Day War of 1967. Conflict and confusion are described with precision, yet the mystery of death is left intact. The last section of poems spoken in the voices of soldiers in other wars WWI, WWII, Gallipoli, Vietnam, Afghanistan, and others rounds out a thematically cohesive collection of poems that makes the depravity of war all too real. Natasha Saje is the author of three books of poems, including Vivarium, Westminster College English Dept., Salt Lake City.
