

The 13th Fellow: A Mystery in Provence

POETRY, MURDER, BEAUTIFUL PEOPLE ... AND PROVENCE! American Professor Havilah Gaie has always seen herself as an academic version of Pam Griens characters: smart, quick on their feet, loyal with a keen sense of purpose. Now shes got a chance to suit up for action because suddenly shes a witness in a murder, having spoken with the victim on her phone moments before he was attacked.

Against the panoramic backdrop of the Cassis cliffs of Provence, France, the beautiful people of poetry--poets, academics, and patrons of the arts--are assembling at a centennial honoring the founder of the Felibrige Foundation. Finding itself with a surplus of talent, the Foundation has awarded one more than its customary dozen fellowships, but even before the gathering can get underway, the unlucky 13th fellow has fetched up dead. But whats the motive? Professional jealousy? Romantic rivalry? Or something to do with a dark secret about the Felibriges founder? Havilahs at the center of the mystery, and so is Thierry Gasquet, a dashing French agent who doesnt care much for amateur detectives. A specialist in several academic disciplines, fluent in several languages, honored for her academic achievements by the Ordre des Palmes Academiques, and equally appreciated for her accomplishments in filling out a bikini, Havilah is shocked by her colleagues murder and determined to ferret out the truth. But shell have to stay a few steps ahead of Gasquet, whos been assigned to protect her and avert an international scandal. Hes bossy, but hes certainly enjoying keeping her in his sights, which isnt easyshe moves pretty fast! The 13th Fellow introduces a uniquely contemporary heroine--a worldly academic female sleuth (fashionable as well!) who isnt afraid to get her hands dirty, but who solves her mysteries with a blend of action and zee justly famous leetle gray cells. (As

well as a lot of well-placed nosiness.) Shell appeal to fans of Attica Locke and of African-American sleuths like Charlotte Justice, Talba Wallis, Tamara Hayle, and especially Frankie Baileys Professor Lizzie Stuartnot to mention Pam Grier! Those who enjoy international settings will love the Provence setting, and everyone who loves a mystery will appreciate this perfect blend of cozy mystery and action-adventure thriller.
