

What The Heart Desires (Part 1) (BWWM, African American, Interracial, and Multicultural)

This book (BWWM, Interracial, African American, and Multicultural) is for individuals 18 and over. Twenty-five year old Leila Brooks thinks she has found the love of her life, and she has it all together when she becomes the fiancée of the successful club owner, tall dark and handsome Troy Jameson. But she doesn't see what's coming next, and it will cause her to question her whole life, where she rushes out into the night like a crazy woman, only to be mistaken for a lady of the evening by the gorgeous thirty something, and very rich, Evan Hunter. Evan Hunter has just caught his best friend making love to his fiancée in the bathroom at a company party, and he goes on a drunken spree determined to make love to the first woman who wants him. When he spots Leila Brooks walking alone on the Westside highway, he thinks she's a streetwalker, and he stops to pick her up. These two people will find that no matter wherever they go, or whomever they are with, their paths seem to cross. Is this a sign that they are meant to be together or is this just a crazy coincidence? This is the first part of a serial.
