

Seeded by the Hungry Jungle (Sci-Fi Adventure E-Rom) (Titillating Tales of the Medusa Marines Book 2)

Since crash landing in the steamy jungles of Flaxis Five, a scattered handful of Medusa Marines have been trying to reach their rescue ship. It seemed like a straightforward task, but these women and men didn't count on the jungle itself having other ideas. Armed with alien aphrodisiacs and countless, intimately curious vines, the sentient jungle is proving itself to be a sexual paradise. The question is no longer survival. After shedding their gear and giving in to their primal urges, will these sweaty squadmates ever want to leave? Amazon won't let me tell you more about this 6,300+ word tale of sweaty lust in the alien jungle. You'll need to click Look Inside to read more!
