

Noble Fems - Paradigm Shift 2

Welcome back to the world of Paradigm Shift, where human females are called fems and legally have the status of household pets or expensive domestic animals like pedigree dogs or thoroughbred horses. The Noble Fems are the twelve finest fems in Britain. Selected annually at the Royal British Fem Show, they have the honour of serving the King himself. The Show is the most important business and social event of the year, where every crA?che shows off their best and latest breeds of fems. On display and sale are cab fems to pull rickshaws or carriages, service fems to do the cleaning and other household duties, and of course, fems to cater to every sexual taste and desire. But just before the Show is scheduled to open, a terrible double murder is committed, and the main suspects are the Noble Fems! If they are convicted, it would be a tremendous loss of prestige for the Crown, an economic disaster for Britain, and a threat to the legal status of every British fem. Once again, Crown Investigator Parker Hammond, the ex-SAS commando and sexual sadist from our dimension is called upon to save the day, ably assisted by his pet fems Susan and Teena. Join Parker as he investigates murder and enjoys all the fun of the Fem Show.
