

## Smurfet: Patience Is a Virtue

Newlyweds Smurfet and Giles couldn't ask for a better life. Both graduating from the same college and starting their dream lives in Columbia, SC. But then a tragedy occurs that's so devastating that Smurfet is left with a choice to either let her husband die or turn to the streets. Things then changed for the worst when Smurfet is suspected of the murder of a member of the Black Mafia Family. Big Meech and his goons can't lie down and take a loss, a message must be sent. Will Giles be able to help Smurfet in time or will the Cartels be her only way out? The most fast-paced, hard hitting urban novel of the year, Black Rose does an excellent job of bringing his characters to life. Smurfet will be a classic and a must have for all readers. Black Rose takes a no-holds barred approach as his style of writing is unique amongst other writers of this genre. Smurfet will have you begging for a sequel.
