

The Devils Pawn (The Pawn Series Book 3)

If making it to the top wasn't hard enough, staying on top would prove that an adversary needs to be on top of his game. A game that very few men have conquered. The dope game. Max and his team of men and women take to the streets of Orlando, Florida, with a snowy white product, better known as cocaine. But just when things start to roll in the right direction after the competition has been eliminated and their threat removed, the game has taken a turn, almost full circle. Now Max and his team learn about the Old Jamaican. A man who is on top. A man with a vengeance. One ready to settle a score for the death of his nephews, the Jamaican, and his brother Travon Baker. And to make matters worse for Max, the DEA and FBI are on his trail. Can Max and his team of friends overcome yet another obstacle? Follow the Pawn Series and find out.
