

Poems for Palestine

An anthology of poems dedicated to the people of Palestine and their long struggle for freedom. Poems for Palestine was launched as a project aiming to collect together verse written by the people of Palestine, as a website open to all comers, all free to upload their work. The broad spectrum of the resulting talent displays a multitude of different poetic styles, subject matters, and emotions. The role of art, and poetry in particular, as a cathartic healer is crucial to this venture. The poems are in turn full of anguish, emotion, longing, and love. In an age which sees a multitude of conflicts all over the world, it is important to make sure that we do not forget to listen to the voices of those affected. Too many people live in danger, in exile, or in despair today, and this project may well serve as a refrain for displaced people, from war-torn countries all over the world.
