

Positive Grip

Positive Grip is a book of poems to keep positivity alive despite gravity and a heavy world. We choose our way, we choose positivity. Its choice, not feeling. Positivity is a strong way to handle life. We can deal with the hassles of life and rise above them at the same time. Positivity is a vital way to think and do. It can save us and change our lives. Grab it. Practice it. Work it. Enjoy it. Life is an amazing event when it runs free in all its positive ways.
