

Q57 OSHA Leads Standards Video-Industrial Shop

MARCOMs Videotape Training Program The OSHA Lead Standards for Construction and General Industry addresses the major areas of employee training required by the regulations. Because of the widespread historical use of lead-based paints, as well as other materials containing lead, this program is useful to a number of different groups including building/ construction companies, manufacturers, recyclers and many others. Areas covered in the program include: Contents of the Standards, Measurement Concepts: Permissible Exposure Limits (PEL); Time Weighted Average (TWA); Action Levels, Exposure Assessment and Monitoring, Methods of Compliance, Hygiene and Housekeeping, Medical Surveillance, and more. The Videotape Program comes with a comprehensive Leaders Guide, reproducible Scheduling & Attendance Form, Employee Quiz, Training Certificate and Training Log.
