

ISO 15031-1:2001, Road vehicles - Communication between vehicle and external equipment for emissions-related diagnostics - Part 1: General information

This part of ISO 15031 provides an introduction to ISO 15031 and its application to communication between vehicles and external equipment for emissions-related diagnostics. This part of ISO 15031 presents an overview of ISO 15031, describing its partitioning and the relation of its other parts to SAE (US Society of Automotive Engineers) recommended practices. This title may contain less than 24 pages of technical content.
