

## RSMMeans Green Building Cost Data 2013

2013 Green Building cost Data. The 3rd annual edition of this popular cost book is designed to help construction professionals estimate, plan and budget the costs of green construction both new commercial construction and renovation work. It reflects years of careful cultivation and expansion of the thousands of green line items in the RSMMeans cost database, presented in CSI MasterFormat 2010 for convenient reference.
