

Hostile Eyewitness: Serena Manchester Series Book One (Urban Books)

Depressed because of complications of a head injury, Serena Manchester seeks solitude in the hometown she left almost twenty-five years before. Unknown to Serena, her hometowns landscape has changed and unseemly elements have seeped into the quaint Southern seaport town. One night Serena witnesses a gang-related crime. She thinks she recognizes one of the young men, but chooses not to identify him. What if her brain injury has altered her perceptions? Her estranged family has already reminded her why she left town in the first place. Drawing attention to herself and perhaps endangering her well-being is the last thing Serena needs. When tragedy strikes close to home, however, Serena can no longer keep her head in the sand. Serena feels responsible, and her reporter skills kick in. Much to the dismay of the local police, she decides to start her own investigation.
