

## Side Chicks Unite, LLC

After growing tired of being the side chick, Alexis Harrington readily accepts a job far from Detroit and far from the married man she wasted too much time with. A new job offer in Atlanta is just what she needs to start again. Being near her family is just what Alexis needs. Bitter and bent on revenge against all cheating men, soon, inspiration hits her and Side Chicks Unite, LLC is created to make the men she loathes pay to play. With her sisters by her side, life seems to be falling into place. That is, until one of her chicks breaks the Side Chick Commandments, placing Alexis, her business and the men who frequent her organization at risk of exposure. Now, Alexis has to protect the identities of the side chicks, her sisters, and the men who've paid to play before she ends up behind bars. Can Alexis save her business and herself or have things already gone too far?
