

Sins of Luv

Sins of Luv is the tale of Southern love fighting to exist. Set in the City of Soul, the lives of Anthony Bishop and Hylene Smith. When two successful young executives cross paths, a whirlwind of secrets and past sins are released. Set in Memphis, Tennessee, the city sets the perfect backdrop for a tale of love, heartbreak, and the blues. Anthony is the southern playboy trying to be something more. Hylene is a beautiful woman that has only found her work as her only companion. Can these two really find love or will their sins punish them for life. Focus on their careers, they are the envy of all that know them. Anthony is the best marketing and management consultant in the city. He is also a playboy and sex fiend. Never alone, he can be seen with nothing but beautiful women. However, his years of chasing girls have taken a toll on his mind and soul. Feeling that void growing larger by the hours, he is constantly fighting with himself for growth. Hylene is similar on the career path. She is the Executive Director of the Mayors office. Spending most of her time creating programs and fixing city scandals, Hylene literally was the backbone of the city. One chance meeting sends the two career driven individuals on a whirlwind ride. In both of their personal circles, they both serve as the heart and mind of their respected groups. Although they are mirror reflections of each other, the hearts are identical matches. Each covered with scars and bad memories, they both hold onto their past as a shield of protection.
