

The Days of Dinkum Dodger (Volume 1)

Australian bush poetry at its best entertaining and thought-provoking. Comical antics and diabolical yarns as told through the eyes of Dinkumous J. Dodger, a true blue Aussie larrikin, are outrageous, provocative and hilariously funny. A sample of Dodgers cheeky humour starts with this shocking event. The Crooked Willy Wongle On the farm its proper when men have need to pee, they never use the thunderbox but go behind a tree. And cousin Fred in great relief was shaking off the drops, when Blue that mongrel cattle dog bit his willy off. We took him off to hospital. The nurses Well thats just the beginning of the story As a young country lad growing up in rural Australia, the yarns are humorous and light-hearted, with pranks and practical jokes aplenty. A childhood from a by-gone era is brought to life with scenes from the schoolyard to the dust of an outback station. This is an excerpt from Dodgers School Days. Why was ya late young Dodger? the aging teacher asked. Tis very nearly smoko time! Stand up and tell the class. Why was ya late young Dodger? The second time this week! And as its only Tuesday should I give ya tail a tweak? Or does ya have a good excuse for why ya wasnt ere? Stand up young man and tell the class. Speak up so all can hear. Please Sir, well His excuse was brilliant, but not quite believable and ended with some unpleasant and hilarious consequences! As Dodger matures he expresses daring opinions and openly challenges governments and international conspirators. Probing questions are posed about political motivations, foreign manipulation and Australias place in the world. An excerpt from Political Persuasion expresses disgust at the machinations of Australian and international politics. By the shores of Burley Griffin, neath the shadow of the flag, where public servants mill around and prattle on and brag about their petty

conquests and complain about their woes, where power-hungry peasants strut in thousand dollar clothes, where the wealth of a once great nation is squandered and flittered away, Youre as far from real Australia as anyone could say... Along the way there are poetic protests concerning basic human rights and social injustice and speaking out for what we believe. Dinkum Dodgers view on some of the worlds big questions are addressed in Heavenly Perspectives. At times I cant but wonder why people starve and children die, and men fight wars and kill and maim, and no-one knows just who to blame. Who pulls the strings? Who makes the plans? Who sets the course of life for man? Often nostalgic, harking back to the simplicity and old world charm of a century past, the Days of Dinkum Dodger (Volume 1) will cause you to laugh and cry, and to wonder why. For a good giggle or a stark reminder of the state of the world, the poems of John Saomes are sure to entertain and amuse.
