

## THE INCONVERTIBLE SKY

Poetry. Translated from the Russian by John High and Patrick Henry. Born in Siberia in 1948, Ivan Zhdanov emerged in the early 1980s as one of the leading Russian poets of his generation, admired by the traditionalists and the avant-garde alike. I have never, under any circumstances, been directly engaged in politics, he said in a recent interview. For me it was more important to discover the roots of the events that make up our lives, the life of our country, our society, and our history, in that order. Zhdanov's work has been honored by poets and critics around the world. According to Mikail Epstein, Zhdanov is the master of depicting forms that seem already to have lost their substance but regain them in memory, in times of waiting, in the depth of a mirror or the shell of a shadow.
