

## Chronicles of a Single Chick

Tabitha finds herself lonely and living the single life after separating from her husband, Craig. Her best friend, Decon, encourages her to get out, date, and enjoy life. Although most find dating fun, like Tabitha's close friend Nitra who keeps several men around, Tabitha hates meeting new men that turn out to be worthless. She's used to the security she had with Craig, the history they shared, and life was much simpler. From baby momma drama, to habitual texters, to two minute brothas, to wanna be gangstas, Tabitha begins to wonder if letting the perfect man with a few flaws go was for the best, but it may be too late. Take a journey with Tabitha as she gets back in the dating game to find out the answer to the age old question...Is the grass greener on the other side?
