

The Pirates Deal: High Seas Piracy Erotic Romance

But I thought we agreed to just a kiss? Ana asked as the mans arms crept along her figure. Jack just grinned at her. Pirate, he replied Lady Ana Selene has never been the most proper lady. In fact, when a crooked butler made off with Anas noble title and inheritance, she wasnt going to take that lying down! Instead, Ana is determined to pursue him and get back what is rightfully hers - no matter what it takes. On the other hand, hiring Captain Jack and his band of pirates may not have been the best choice. The charming, devilishly handsome pirate intervenes when Ana sets foot in the bar, rescuing her from an accosting drunkard. After saving her, Jack tells Ana that hes willing to take on her job for a kiss - but after he gets her back to his captains cabin, he ends up demanding a lot more... As Lady Ana and Captain Jack sail the seas in pursuit of Anas stolen future, the two grow closer, even as they close the distance between them and their quarry. But the closer they come to recovering Anas future, the less certain she is about whether she truly wants it. Reclaiming her noble title means leaving Jack behind. Is that a choice that Ana is truly willing to make? This sexy pirate thriller is guaranteed to leave bosoms heaving and masts at full sail! Keep out of the reach of cabin boys - this is for mature audiences only!
