

Wait for Love: A Black Girls Story

Wait for Love: A Black Girls Story is the story of Lynnette Donna Lees life. If you have ever been in love, or are longing for that special someone, youve probably experienced many of the same emotions as she. Join her on this adventurous, sometimes humorous, and sometimes painful literary romp. Lynnette bares her soul and her body many times in search of the man shell marry. The only problem she has is with the men she chooses to give her all to. They show her they dont love her and then go to extremes to get the point across. Why does she keep holding on when the only love involved is nowhere to be found?
