

## Anytime Soon

A finalist for African American fiction in the Indie Next Generation Book Awards for 2014. Frenzied. Overburdened. Stressed. Overwhelmed. These are just a few ways to describe college senior Anaya Goodes life. Add to this no career prospects following a looming graduation, and Anaya quickly finds herself drowning in the chaos of her own life. Her family and friends demand much of Anaya, and she's struggling to balance herself in the mire. Facing an onslaught of grief, complex relationships, and a life that is full of deafening noise, Anaya must find herself, and maybe even true love and redemption, amid old traditions and new beginnings.
