

## Exterior Siding, Trim & Finishes (Tauntons For Pros by Pros)

A home's appeal depends a great deal on its exterior paint or stain, brick-and stonework, siding, trims, and other details--and it's not just the type of finish that's important, it's also how well the job was done. This first-ever compilation by Fine Homebuilding on the popular subject provides builders with ideas for choosing the correct finishes for home exteriors, plus solid how-to information.
